**FOR IMMEDIATE RELEASE****Sixteen Covenant Care Facilities Make US News Best Nursing Home List**  
Each Exceeding All Nine 5-Star Clinical Quality Measures

**ALISO VIEJO, Calif. (April 23, 2014)** — Each year, U.S. News and World Report designates the "Best Nursing Home" award to facilities that have earned an overall Centers for Medicare & Medicaid Services (CMS) rating of five stars — the highest rating awarded by CMS. These advancements in nursing care are continually monitored by the CMS, and each year, state survey teams conduct health inspections. This 5-star rating system is based off a facilities dedication to inspection standards, staffing and quality measures, and must be ranked 5-star in all categories. Covenant Care achieves exceptional results because of its focus on measurable quality.

"This recognition is a well deserved honor for our facilities. Covenant Care is dedicated to providing high quality of care through clinical excellence to those we serve. Last year, more than 57 percent of our patients were discharged back to their home and community, exceeding the national average. I am extremely proud of the clinical care our facilities provide," said Dava Ashley, chief operating officer of Covenant Care.
